

VIRTUE TO BE CULTIVATED NOTES

from EducationinVirtue.com

Thank you for downloading this template for creating Virtue to be Cultivated Notes.

Use this template to structure your discipline conversations with students. When you have to address a student about his or her poor choices, using the language of virtue can help identify concrete and practical steps to making better choices in the future. When you engage the student in the discussion, allowing him or her to choose a virtue to cultivate, it empowers the student to take ownership of his or her behavior. You can then use this template to communicate to the parents, offering a positive and collaborative solution.

As you have these conversations with students, don't be afraid to pray with them. The life of virtue can seem difficult. "God gives the growth" (1 Cor. 3:7). Let these difficult moments be opportunities to encounter Christ and experience His grace.
